Dear friends,

tamtamART have the pleasure to invite you to our Opening for *Exhibition : MADE IN BERLIN : THE ENCOUNTER* by Peihang Huang and *Sound Event : KLANG ABEND # 3*. The exhibition will open on 25th November and will be on view also on 26th November. At the opening night will include a KLANG ABEND # 3 event by DJ RAQ & DJ Meon.

“MADE IN BERLIN : THE ENCOUNTER”, is a special project from a young artist from Taiwan, Peihang Huang (黃沛涵). During her stay in Berlin, she pictured a smile from those new made friends or the nice people that are friendly to her, and paint the portrait of them each on acrylic on paper. This is an evidence of her stay and how she makes the connection to this city, and could be an experiment of how people can be connected to each other. Through the exhibition, all the people participated in the project could gather together to celebrate “the Encounter” of the artist and the culture. Welcome to share this magic moment, exclusively in Berlin.
