Dear friends,

tamtamART have the pleasure to invite you to our Opening for exhibition : **Traum(a)tag** by Quick and Dirty (Alexander Gawlik, Oliver Winter and Stefan Kröger). The exhibition will open on 25th May and will be on view until 27th May.

about Quick and Dirty – the manic Phlegm

Our body of work is characterized by the origin of its auteurs: the hell of the projects, the small town and the province. Hard to classify on the one hand, upon closer look one will find basic patterns in the condensate: hyperkinesis often misinterpreted as stasis (in the work as well as in its genesis); likewise the assumed realism resulting from obsessive modeling of reality liberated from the time axis. We are always beginning!

Traum(a)tag – the Fragility of Happiness.

Quick and dirty is the process of dealing with information in our society. Due to overall information overload only split seconds are left for consumption and decision. Leaving nothing but a fragmented and superimposed echo. This echo, the melting pot of impressions from a day, is what we try to trace. To fixate the dream image before it gets erased by the dream. So art works between demure darkness and surreal over colorations emerge/ evolve. Scraped phrases merge with rearranged objects.
