tamtamART is pleased to present “**1 + 1 = 11**”, a Takt group show curated by Weronika Trojanska (PL). The exhibition will open on Dec 9. and will be on view until Dec 17.

Eleven. One beyond ten and one below twelve. The first number which cannot be counted by human fingers. Stays the same written upside down. Indicates hour before midnight - the last possible moment to take care of something. Posses the qualities of intuition, patience, honesty, sensitivity and spirituality. The number of years in which the sun spot cycle repeats. The length of the largest cat Siberian Tiger. The quantity of dimensions which may exist in the universe. Number of players on the field in games such as soccer, cricket or American football. The distance from the deepest point of the ocean floor to the bottom of the Mariana Trench. Speed in kilometers per second at which the rocket must travel to escape the Earth's gravity. Weight in ounces of the average adult male heart. The hour, day and month of the date the World War I ended. The record number of Oscar awards for one movie. The number of artists from Takt residency which showing their works at tamtamART.
